This chapter is devoted to teaching listening skill which is called as a Cinderalla Skill overlooked by its elder sister speaking. It is maintained that listening is not a passive skill but an active process of constructing meaning from a stream of sounds. Listening and speaking are often taught together, but beginners, especially non-literate ones, should be given more listening than speaking practice. It's important to speak as close to natural speed as possible, although with beginners some slowing is usually necessary. Without reducing your speaking speed, you can make your language easier to comprehend by simplifying your vocabulary, using shorter sentences, and increasing the number and length of pauses in your speech. There are many types of listening activities. Teaching listening skills presents a series of challenges. It is perhaps the most ephemeral of language skills, hard to understand, teach, and assess. How do you really know that someone understood you correctly without asking after every sentence? (And students are often programmed to respond “yes” even when they didn’t.).
