Administrative law - Wikipedia, the free encyclopedia King & Spalding's national appellate practice has broad experience in complex appellate litigation at all levels of the state and federal court systems.
Constitutional and administrative law are the areas of law which establish and regulate the institutions of government within states. They also encompass the internal governance of supranational legal orders such as the European Union. They are increasingly concerned with the relationship between internal and external legal norms and the interaction between multiple layers of government within and beyond states. This is an exciting and fast-moving part of the law. It deals with issues which are often of high political controversy, as well as raising fundamental theoretical questions about the Administrative Law 1. Administrative law is a species of constitutional law. 2. It deals with those organs as in motion. 3. It deals with the functions of the state. 4. It is subordinate to constitutional law. Early English writers did not differentiate between administrative law and constitutional law and, therefore, the definition they attempted was too broad and general. Sir Ivor Jennings defines administrative law as the new relating to administration. It determines the organization, powers and the duties of administrative authorities. 1 This formulation does not differentiate between administrative law and constitutional law. It lays entire emphasis on the organization, power and duties to the exclusion of the manner of their exercise.
Constitutional & Administrative Law - Reading Notes. Judicial Review - Procedural Impropriety. Judicial Review - Lecture Notes. LJ suggested there is a hierarchy of cases ordinary statutes v constitutional statutes. Constitutional statutes - affect the legal relationship between an individual and state or would enlarge / diminish human rights e.g. HRA and are no longer subject to implied repeal because they protect the special status of constitutional rights. Subject to expressed repeal and ‘semi-entrenched’ such as the Equality Act 2010. Administrative Law is the law related with the administrative functions of the Administrative Agencies (the Government and its Departments). The Law involves the study of the following broad topics: § Check abuse or detournment of administrative power § Ensuring citizens an impartial determination of their disputes by officials § Protect citizens from unauthorized encroachment on their rights and interests § Make those who exercise public power be accountable to people Constitution Law is related to the legal provisions of the formation and working of Governments and. the roles, responsibilities... There are few similarities and differences between Constitutional Law and Administrative Law.
