On this day in 1876, Thomas Gainsborough’s painting, Duchess of Devonshire, causes a stir when it goes up for auction at Christie’s in London. It sells to a London art dealer, William Agnew, for $51,540, the highest price ever paid for a painting at auction. Two days later, Agnew displays the painting at his gallery and it is stolen by Adam Worth. Worth, whom Scotland Yard later called the Napoleon of Crime, and upon whom Sir Arthur Conan Doyle eventually based Elizabeth Lamb, Viscountess Melbourne; Georgiana, Duchess of Devonshire and Anne Seymour Damer were three of the most popular, fascinating and notorious women of the 18th century: Elizabeth Lamb was a political hostess and agricultural improver, Georgiana was the famous leader of Whig society and Anne Seymour Damer was a sculptor. Portrait of Georgiana, Duchess of Devonshire is a painting by the English painter Thomas Gainsborough of the political hostess Georgiana Cavendish, Duchess of Devonshire. Its construction took place sometime between 1785 and 1787.

DEVONSHIRE, the largest county in England, except Yorkshire, and the most westerly except Cornwall, ranks among the first in agricultural importance, and the sixth in amount of population. It has mines of copper, tin, lead, and iron ores; inexhaustible quarries of durable granite, slate, lime, building stone, marble &c.; and is one of the oldest seats of the oldest seats of the lace and coarse woollen manufactures, of which it still retains a considerable share, though greatly reduced since last century, by the machinery and factories of the midland and northern.

The momentous events relating to the general history of Devon, are necessarily incorporated with the history of the city of Exeter.
Duke of Devonshire is a title in the Peerage of England held by members of the Cavendish family. This (now the senior) branch of the Cavendish family has been one of the wealthiest British aristocratic families since the 16th century and has been rivalled in political influence perhaps only by the Marquesses of Salisbury and the Earls of Derby. Although modern usage outside of the county itself now rarely refers to Devon as "Devonshire", the title remained "Duke of Devonshire". Despite the territorial

History of Devonshire. Croyde and Bovisand; the low-lying gravels of the Axe Valley these teem with the flint-chips, arrow-heads, axes, and scrapers of the earliest Devonians who have left a trace behind. Mr. Pengelly, F.R.S., has advanced cogent reasons for the belief that the earliest men of the most famous of the Devon caves, Kent's Hole, Torquay, were inter-glacial, if not pre-glacial. History of Devonshire. The only other points in Devon that appear by their names to indicate the presence of Roman soldiery are on the same parallel, near North Lew Chester Moor, Scobchester, and Wickchester. West of Exeter no proofs of Roman occupation, beyond an individual settlement here and there, have ever been found, though traces of Roman intercourse are by no means wanting.
